

## **Connecticut State Latin Day Military Standards**

Military Standards are displayed next to the Banners and are part of the procession at the end of Latin Day.

1. The Standard and pole should be 6' to 8' tall.
2. A flag or banner portion should be no larger than 24" square
3. School identifying information should be attached to back of Banner.

Latin text or abbreviations are not required, but no English should be used. The standards should reflect some aspect of the Latin program's or school's identity. This can be explained on text attached to back of standard. Consult Burrell/Connolly *The Romans* and other texts for examples of Legionary standards.

### **Judging**

Banners will be judged on:

1. Authenticity of style
2. Craftsmanship and neatness
3. Appropriateness of design, symbolism or lettering
